West Hillhurst, Calgary, Alberta

Better than new and fully-loaded family home in prime West Hillhurst location. Broadview Road offers easy access to the endless amenities of the 19th Street and Kensington Villages and this block faces a park. Completed in 2023, this detached home was subsequently upgraded with tons of extras including professional landscaping, deluxe garage finishing package, Hunter-Douglas power window coverings, designer lighting package, upgraded door hardware, security cameras and a fiberoptic connection. These are upgrades that generally don't come with a new home and might take years to achieve. Outstanding curb appeal with landscaping, a sunny front terrace and a covered porch. Inside you'll appreciate the modern and open floor plan with 10' ceilings, huge windows and warm white-oak-hardwood running throughout. Generous dining room at the front overlooking the park. Fabulous kitchen with extensive ceiling-height cabinetry (glass inset uppers), top appliances (48" fridge and 36" stove), quartz counters and an incredible ~14' island with space for up to 6 stools. Large living space at the rear anchored by a brick fireplace with built-ins. Patio doors for yard access. A discreet 2-piece powder room and a super-handly mud room (excellent storage right to the ceiling) complete the main level. Paneled wall as you ascend the staircase to the upper level where hardwood floors also run throughout. Spectacular primary suite with

trayed and dormered ceiling in the bedroom and large windows overlooking the park. Bright 5-piece ensuite with 3 windows, spacious double vanity, private water closet, freestanding tub and zero-threshold glass shower. Walk-in closet also has natural light and amazing storage including built-in dressers. The balance of the upper level holds 2 spacious children's bedrooms, a 4-piece bath with natural light and a bright laundry room with sink and storage. The fully developed lower level expands the living space with a family room, media centre and 2 large windows. A wet bar, bedroom with walk-in closet, 4-piece bath plus a large storage room complete the lower level. Professional landscape includes extensive perennials at the front, rear pergola with powered louvers (heat and light), irrigation system and an expanded patio with gas jet for a flame table. The heated garage has a coated floor, storage wall system, storage cabinetry, lofted storage platforms and a hinged workbench. Don't miss this special home!
